PEAS

PROTEAN EMAIL & ATTACHMENT SYSTEM

Need an attachment from years ago?

Even after the employee has left?

PEAS automatically saves and organizes email and attachments so authorized teammates can find them later.

HOW IT WORKS

1 Email arrives
In Gmail or Outlook

2 PEAS files it
Email text and attachments

3 Your team finds it
In shared storage

FOUR WAYS PEAS WORKS FOR YOUR BUSINESS

01 AUTOMATION
Automatically capture email text and attachments. Reduce manual filing and forwarding.

02 ACCESSIBILITY
Keep business documents available to authorized teams and leaders, even after staff leave.

03 AFFORDABILITY
Start with essential automation using the Google and Microsoft tools you already have.

04 INTELLIGENCE
Planned: searchable metadata, audit trails and tracking for quotes, orders and resumes.

WORKS WITH Gmail / Google Workspace / Outlook / Microsoft 365

ILLUSTRATIVE BILLING SCENARIO

91%
CASH ROI

In this scenario, reductions in overtime and contractor costs alone yield a 91% cash ROI. The calculation excludes avoided hiring and customer time to prevent double counting. It also excludes financing savings and avoided concessions.
